testimonials

from exhibitors & sponsors

"Congratulations on a great expo & conference! With a fairly large crowd, we felt that over the 2 days, we had a good number of quality interactions. Attendee quality seemed good, most people seemed truly engaged." - *PAS*

"This is the #1 tradeshow to reach our target markets!" - *TNT Power Technologies*

"Awesome Show!" - *EXM Manufacturing Ltd.*

"Great to have automation and control experts in the same room. It is always good to chat about market conditions and new technologies." - *Honeywell Thermal Solutions*

"Gained good visibility in Edmonton." - *Panelflex*

"Coordinators and Staff were very understanding and great to work with us to add value to our participation." - *Rockwell Automation*

"Great layout, loved the talks, it's all about the education." - *Tundra Process Solutions*

from attendees

"Excellent content in conference tracks, great vendor representation." - *Chris Prokopetz, Husky Energy*

"The VIP tour guides were wonderful and I learned a lot. Amazing!" - *Victor Wong, IEEE*

"The conference leak detection track was well worth it!" - *Robert Scott, Pembina Pipeline*

"Very awesome learning and networking; people from different industry areas sharing their perspectives." - *Adam Stefanyk, Wave Engineering*

"A lot of interesting new products and knowledgeable vendors." - *Andrew Znak, Nova Chemicals*

sponsors

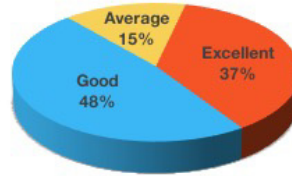

attendees

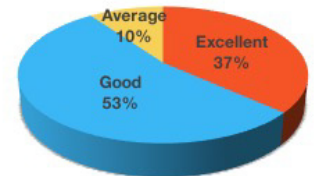

what they liked best

- > Face to face time with vendors
- > New products/technology on display and networking
- > Good vendors with lots of knowledge to share, variety of experts
- > Conference tracks, nice to see leak detection
- > Seeing the latest innovative solutions in the process control industry
